## Description

A fullview door (full-length safety glass) with easily interchangeable glass and insect screen panels. Andersen's most popular fullview door offering features not available on the 2000 Series fullview door.

- Full-length view for beauty and light.
- Brass or nickel finish hardware with a rokeyable lock and deadbolt built into door frame offers beauty and added security.
- Dual closers easily adjust to provide smooth dependable closing action and push button bottom closer allows for hands-free operation.
- Glass and insect screen snap in/out.
- Patented FlipAway™ handle with TarnishGuard™ protection.
- Two layers of weatherstripping help eliminate leaks and drafts.
- Backed by the Andersen Lifetime Limited Warranty.
- Deadbolt with keyed lock is built into the door frame.

## Description

This is Andersen's highest quality self-storing door with an easily retractable insect screen that hides in the door frame when not in use. The door vents from the top effortlessly with just one-hand and unlimited positioning. The door offers a keyed deadbolt that can be keyed to match your entry door and an easy-to-firm-on push-button closer.

Any time ventilation with retractable insect screen that disappears out-of-sight when not in use.

Single ventilation from top with easy one-hand operation and unlimited glass positioning.

Brass or nickel finish hardware with a rekeyable lock and deadbolt built into door frame offers beauty and added security.

Single push button bottom closer allows for hands-free operation.

Patented FlipAway™ handle with TamishGuard™ protection.

Two layers of weatherstripping help eliminate leaks and drafts.

Backed by the Andersen Lifetime Limited Warranty.

## Description

Self-Storing doors hold the glass panel and insect screen in the door at the same time, so you can go from ventilation to weather protection instantly. A self-storing door with easily retractable insect screen that rises in the door frame when not in use. A retactable door offering Andersen quality and uncommon value.

- Retractable insect screen with eight ventilating positions retracts out of sight into door frame for easy storage and any time ventilation
- Brass or nickel finish hardware with a rekeyable lock and deadbolt built into door frame offers beauty and added security
- Push button column closer allows for hands-free operation
- Patented FlipAway™ handle
- Backed by the Andersen Lifetime Limited Warranty
- Color-matched closers and screw covers
- One touch button on bottom closer
- Deadbolt with keyed lock is built into the door frame
- MFG Brand Name : Andersen®
- MFG Model # : HD20SS25WH
- MFG Part # : 2155B

PHANTOM<sup>®</sup>  
SCREENS

## Single Door In-Swing or Out-Swing

Products and Options 

Features

Components &  
Sizes

Colors

The decorative and versatile Phantom Screen is a perfect match for any in-swing or out-swing door. Slide it across to provide full ventilation and a clear view inside and out; the housing and tracks blend in with the door frame. There when you need it and not when you don't: no other door screen is as stylish, versatile and functional.
